SUITABLE

Stella Green's builders and garden products are distinguished by their odourless, lightweight design, and portability. The buckets are made of high-quality, flexible plastic that is resistant to weather conditions and mechanical damage. The wide range of dimensions makes it easy to select the right product for the customer's needs.

The buckets are suitable for use on construction sites as well as in gardening companies, farms, households, and automotive workshops.

Customers praise Stella Green products for their thoughtful finishes and reinforcing elements that enhance durability.
